

R-33D1P-25b/d

CERTIFICATE OF ANALYSIS

OBJECTIVE: Characterization of the following substance for use as a test/reference/control substance.

SUBSTANCE BEING CHARACTERIZED:

CHEMICAL NAME: 3,3-dichloro-1-propene

DESCRIPTION: White opaque liquid

REFERENCE MATERIAL(S) USED:

(If more than two, see table on next page)

NA*

*NA = not applicable

LOT: A2B23-1380495-1

PURITY:

EXPIRATION DATE:

NA

NA

STUDY INITIATION DATE: 10 October 2024

METHODS USED:

PURITY: GC area normalization

IDENTIFICATION: IR and MS

RESULTS AND CONCLUSIONS:

X

RECERTIFICATION

Current value of 82% is the same and within experimental variation of the previously established purity of 82%. The purity is unchanged and remains 82%.

NA

OTHER (specify)

CALCULATIONS:

Area Normalized: X

Internal Standard: NA

External Standard: NA

Other (explain): NA

RECERTIFICATION DATE: 31 October 2026

TESTING FACILITY ADDRESS:

AgroChemex Environmental Ltd, Aldhams Farm Research Station, Dead Lane, Manningtree, Essex,
CO11 2NF, UK

SPONSOR:

Teleos Ag Solutions, 120 Applecross Rd, Pinehurst, NC 28374, USA

GLP STATEMENT AND RAW DATA/RETAINER STORAGE: The original study was conducted in accordance with OECD Principles of Good Laboratory Practice and the UK Good Laboratory Practice Regulations. The recertification date was supplied by the Sponsor based on their known stability of the compound. All raw data associated with this study will be archived at AgroChemex Environmental Ltd.
